

## **ECM Office - PRESS RELEASE**

### Dissemination activities of the ECM office in connection with POPDAT Project

1. 1. A scientific paper on the project, developed together with G. Lisinov and L. Bankov, was developed in October 2011 and will be published in February 2012 in an European journal of the series "Let's embrace space" on research results under the FP7 Space Program.
2. The project was presented in the following international conferences on partnering in the field of space technologies, global monitoring of environment, engineering:
  - In L.N. Gumilyov Eurasian National University, Astana, Kazakhstan, on October 26, 2011;
  - In Pryazovsky State Technical University (Ukraine) on October 3, 2011;
  - In Bauman Moscow State Technical University (Russia) on September 6, 2011.

Presentations were everywhere welcome; the Institute of space research of Kazakhstan, Astana, offered to put on disposal of project POPDAT partner's the monitoring data on ionosphere, which are stored at the Space Agency of Kazakhstan and demonstrated interest at future using of the WAVE Service, being created in the frame of the our project.
