

## **NOVELTIS - PRESS RELEASE**

Dissemination activities of the NOVELTIS company in connection with POPDAT Project

1. Internal meeting of NOVELTIS team involved in POPDAT project for a work session at NOVELTIS, Toulouse, 19 October, 2011.

Participant name:

- François Crespon (WP3 leader of POPDAT)
- Thierry Lamoureux (IT Team manager)
- Ivan Price (IT engineer involved in POPDAT)

This meeting was the opportunity to present progress on POPDAT project to the IT Team manager. Moreover a preliminary work session was achieved on the definition of the Ionosphere Waves Services.

2. The project was presented in internal POPDAT meeting at NOVELTIS, Toulouse, 16 November 2011. Persons attending to this meeting were the IT Team of NOVELTIS.

Participant name:

- Thierry Lamoureux (IT Team Manager)
- Ivan Price (IT engineer involved in POPDAT)
- Laurent Hubert
- Tristan Lalanne
- Sylvain Brunato
- David Roman

This meeting was the opportunity to present POPDAT project to the IT team of NOVELTIS. After the presentation of the project, a general discussion was initiated on data collection principles and related software development requirements. The benefits were to concentrate IT team expertise on the POPDAT Ionosphere Waves Services and to disseminate POPDAT scientific domains to IT engineer involved in others projects.
